Subject: A personal note of gratitude

Mr. Turley:

Having just enjoyed a week on your ranch, I want to personally thank you for the outstanding experience.

As you can imagine, the magazine business affords us significant travel opportunity. In their first year, Tony and Lorrie executed a whitetail hunt for us that exceeded most operations we've visited. While the hunting itself was tremendous; the overall ranch experience is what made the impact on our group. Everyone commented on the plentiful wildlife viewing and beauty of the land. We saw bobcats, coyotes, turkeys, armadillos, porcupines, quail and of course one of the most abundant herds of whitetail seen anywhere. In addition to this, the extremely comfortable lodge and meals prepared by Sarah and Lorrie exceeded our expectations.

You are of course well aware that Tony and Lorrie are remarkable people. Their attention to detail, constant care for our needs and obvious love for the ranch is second to none. Wildlife management is vital to the proper conservation of any property. From what we saw, you're doing an outstanding job in your stewardship of the land.

Thank you for the experience and Merry Christmas to you and your family.

Respectfully,

Lee C. Hetherington
